Percent Unmatched Registrations	13.74%

Notes:

1. Unmatched vehicle registrations are calculated by matching the vehicle insurance records to vehicle registration records.
2. Unmatched vehicle registrations represent uninsured vehicles as well as some vehicles insured on a commercial auto insurance policy or self-insured.
3. Data includes only vehicle registration classes which require auto liability insurance.
4. Data provided to TDI includes the ZIP code but does not include the county. TDI uses external reference sites to map ZIP codes to counties; many Texas ZIP codes cross over into multiple counties, and the associated counties may change over time.
